## WORKSTATIONS & A/V TECHNOLOGY

Each of the three meeting rooms has a computer workstation with a screen, projector and audio. Meeting rooms can be combined to show one presentation on multiple screens. Your group will be assigned a temporary password to access the workstation, which will be emailed to the meeting contact email address on the morning of your event. Chemeketa staff are on site through the entirety of your event and can provide technical assistance with our A/V system and some limited trouble-shooting with outside technology.

### Presentations

Meeting presentations for the Zoom participants must be run through the Zoom meeting separately from the workstation for in-room participants. (You can provide your own remote conferencing system but Chemeketa staff are not able to provide any technical support.)
