Position Available

Harvest Intern

Location of Position

Gervais, OR

Application Closing Date (if any)

9/20/19

Job Description

Come help a small, fledgling winery as we embark on year of growth. No prior experience necessary. Must have a keen desire to learn and have fun. Duties will include: daily ferment management, fruit processing, lots of cleaning, simple laboratory work and listening to records. Training will be provided. Pay is \$15/hr. The job is seasonal, but will be full-time during the peak of harvest and part-time before and after that with the possibility for pick-up shifts throughout the year (if the candidate is interested). Come join a small (2-person) team! Let's learn and work hard together. If you are interested, check out www.fossilandfawn.com to find out more about us.
