

Harper Voit 2022 Harvest Intern
Location: McMinnville, OR
Contact: Jessica West - Associate Winemaker
Email: jessica@harpervoit.com

Harper Voit is looking for a harvest intern for the upcoming 2022 harvest season. Harper Voit is a small team led by winemaker Drew Voit who makes wine under the brand Harper Voit while also providing premium custom crush services to 15 clients throughout the Willamette Valley. We process roughly 350+ tons worth of fruit in a season mostly consisting of Pinot noir, Chardonnay, Pinot blanc, and Riesling representing almost every AVA in the valley.

For 2022, we are looking for applicants, preferably, with at least one harvest under their belt but harvest experience isn't a prerequisite. Other qualifications for the ideal candidate include:

- Ability to work in a fast-paced environment. If you've seen the Bullock/Reeves smash hit, Speed, adrenaline levels are a lot like that but we don't work on a bus.
- Ability to work long hours and maintain a positive attitude through changing schedules.
- Willingness to jump from task-to-task. Again, as a smaller operation, everyone from the top of the ladder on down will do a little bit of everything. You may be asked to do some lab work (which we will train you on), additions, punch downs, pump overs, barrel downs, fruit processing, racking, LOTS of cleaning, forklift driving, and everything in between.
- There may be opportunities to sample in the vineyards as well (please indicate in your application if you are interested in this).
- Must have great communication. The variability of the work means constantly communicating with other employees to ensure the day's duties are completed efficiently and mindfully.
- Ability to lift 25+ lbs.
- Some forklift experience preferred.
- Availability from early September to mid-November.
- A love for 90's alternative rock or a super good reason why you don't like it. Although our Associate Winemaker and Winemaker like Post Malone a lot, so maybe a like for Post Malone, too?

Harper Voit Harvest Intern Job Benefits:

- The size of our team and the variability of duties will mean you get lots of learning opportunities
- We are huge fans of food, so there will always be food around and many meals will be shared throughout harvest (not to mention the wine!)
- An environment where learning and asking questions is deeply encouraged
- Start and end dates of employment are open to negotiation - typically starting around early September and ending in early November
- We are based in McMinnville, OR in the heart of the Willamette Valley
- Starting wage of \$16/hour+ (DOE) with opportunities for overtime and weekend work

Please send a resume, cover letter, and references to jessica@harpervoit.com.
